

ICAR to conduct Farmers' Interaction Program at national level.

Secretary DARE, Government of India and DG, ICAR, Dr Mangilal Jat held a meeting with around 900 online participants from different ICAR institutes, Central and State Agricultural Universities, Krishi Vigyan Kendras and announced about impending Farmers' Interaction Program to be organised under the aegis of National Agricultural Research and Education System in the leadership of ICAR.

In a program held at ICAR-CIPHET, Ludhiana, on 14 Nov. 25, Dr. ML Jat informed that ICAR along with all CAUs, SAUs and KVKs would hold a Farmers' Interaction Program on 19th November 2025. The interaction program will aim at understanding and recording the issues and challenges faced by farmers, FPOs and custom hiring centers during harvesting of Kharif crop and planting of Rabi crop and also making the stakeholders aware about different government programs like Pulses Mission, PM Dhan Dhanya Yojna, encouraging Natural Farming, etc. He expected that around 3 lakh farmers and stakeholders would take part in this one-day farmer centric program. Dr. Jat further complimented scientists, extension agencies, government and non-governmental agencies and farmers for their contributions in significant reduction in crop burning incidences, especially in the north-west India.
